

Project Manager's Letter- Medford, WI

Builders For Christ will be assisting Immanuel Lutheran Church in Medford, WI with an addition and some remodeling of their existing church facility. Medford is located in North Central Wisconsin.

The congregation was established in 1876. The current building was built in 1967 and is located at 420 E. Lincoln Medford, WI 54451.

Immanuel is home to 600 souls. They are an active congregation with services, Bible Studies, Sunday School and a preschool. The pastors are Rev. James Krueger and Rev. Danial Iwinski.

Builders For Christ will be building an addition and doing some remodeling. It will be a wood addition. The addition will provide a new facility for the preschool which is currently held in a separate building. It will also provide for future expansion.

The project is scheduled for 12-14 weeks. We will have onsite camping for 12 campers and there will also be a BFC camper which will be available for 1-3 weeks at \$ 75 per week. Some housing may be available with congregation members. The work week will be Tuesday through Saturday.

The three main phases of work are:

Phase # 1 - Roughing in trusses, roofing, exterior windows and doors. July 20 - August 30

Phase # 2 - Insulating, siding, fascia, soffit, and interior doors. August 30 – September 27

Phase # 3 - Interior finish work, painting, and installing cabinets. September 27- October 23

If God moves you to serve with this project, please fill out a project volunteer form on the Kingdom Workers website. The team will be assembled in the order of application date.

Looking forward to a fun and fulfilling project reuniting with old friends and making new ones with both Builders and members of Immanuel. Please feel free to call with questions etc.
