

Build Up: Mentoring Teens in Trades

Data collected in March 2021 and demonstrates the short-term impact of the program. Long-term data is in the process of being collected.

SPIRITUAL

Talking about faith

73%

of participants said they talked about their faith at least once in the last week after being part of the first project

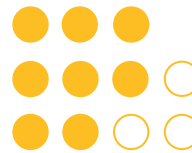

76%

of participants said they learned something about the Bible during the project

RELATIONAL

Teamwork

When asked what they liked most about the project,

8 of 11

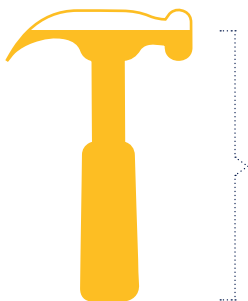

participants said they enjoyed learning new construction skills

PLUS

Almost everyone agreed they found value in learning to work together as a team.

PHYSICAL

Gaining skills

94%

of participants said they learned something about construction during the project

I loved seeing all the boys work together. And actually hearing that some of the boys wanted to now go into that particular field after doing some of the work, I think it's a beautiful thing.

LAURA, GARAGE PROJECT HOMEOWNER

This has been a great chance to share my skills with the kids and has been a wonderful experience. They are so willing to learn.

PETER B., VOLUNTEER
