

Spring is coming and with it a great new opportunity to serve our Lord.

St. Peter Lutheran Church and School in Weyauwega WI are excited to again welcome Builders for Christ back to assist them with their ever-growing ministry. Weyauwega is located in the heart of Central Wisconsin River Country on the 250-acre Lake Weyauwega. A quaint rural community with easy access to State Highway 10.

The current project will add three classrooms to their current school, plus a five classroom Early Learning Center. Total current enrollment is 104 students. The congregation has a long-standing commitment to Lutheran education. BFC participated in a large addition 11 years ago.

St. Peter is home to 829 members. The pastors are Rev. Aaron Kristopeit and Staff Minister Benjamin Ristow. It is located at 312 W. Main Weyauwega Wis, 54983.

BFC will be working with Catalyst Construction on a 2-story, 3648 sq. ft. addition, with the 2<sup>nd</sup> story being wood, and a 6270 sq. ft. wood frame building for the Early Learning Center.

The project is scheduled for approximately 14-16 weeks. We will have camping at a site, which is a five-minute drive from the worksite, for 10-12 campers and BFC campers which will be available for 1-3 weeks at \$100 per week. The work week will be Tuesday through Saturday. The three main phases of work are:

Phase #1 - Roughing in, setting steel door frames. No dry wall, April 30 – June

Phase #2- Exterior work. June 4-July 2

Phase #3- Interior finish work. July 2 – Aug. 31

If God moves you to serve with this project, please fill out a project volunteer form on the Kingdom Workers website.

We are looking forward to a fun and fulfilling project serving our Lord. We will be reuniting with old friends and making new ones with Builders and members of St. Peter. Please feel free to call with questions etc.

Yours in Christ,

Paul LeBrun, Project Manager
